

## Zpro Aroma-sense - Ionizing vitamin C shower head

Give yourself a new experience of shower at home!

The Zpro Aroma-sense - ionizing vitamin C shower head is a unique shower system that provides you a healthy dose of Vitamin C while the chlorine is being removed by the shower head.

The Zpro Shower Head removes chlorine effectively. As water passes through the shower head it is conditioned by the Vitamin C and neutralizes Chlorine. The shower head can be used effectively with both hot and cold water at normal tap pressure. Completely safe and non-toxic, the Zpro Shower Head can be used by:

- Asthma sufferers
- Allergy sufferers
- People with irritated eyes
- Beauty and Hair Salons
- Children and Adult
- People with sensitive skin
- chemically treated hair and Normal Hair

### Product Features

### Chlorine Removal

Vitamin C is one of the main components to remove all the residual chlorine from the tap water and forms weak-acid water.

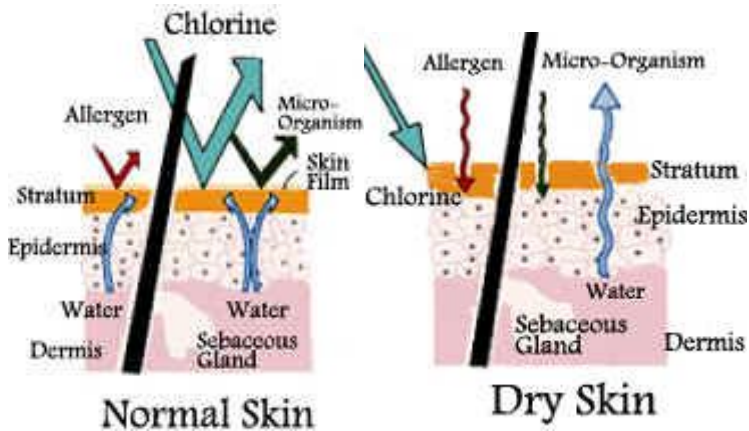

Residual Chlorine Test

Water pressure and temperature will not affect the chlorine removal performance of vitamin C.

## Skin Care

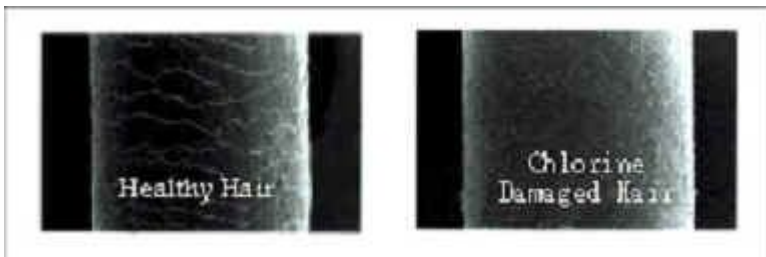

Chlorine makes the skin dry. When our skin is dry, harmful substances can easily enter our blood circulation system and can cause a severe damage.

By using Zpro Shower Head, the anti-oxidation function of vitamin C helps us to decelerate the aging effect. It can also keep the skin moisturized and reduces skin allergies and itchiness.

## Reduces Hair Loss

Washing and shampooing the hair by using Zpro shower head, we can protect the hair from chlorine's attack. As a result, the hair looks shiny and reduces the hair loss

## Aromatherapy

Essential oil extracted from an herb is added into the Zpro replaceable Vitamin C Aroma Cartridge.

It is excellent for beauty by preventing or curing of atopic dermatitis.

The aroma sense lessen the general symptoms caused by stress and raise concentration power. It is excellent for mental stabilizing from depression, impatience etc.

Lemon

Jasmine Pine Needle

## Wellness

The ceramic balls inside the Zpro showerhead can generate negative ions about 420,000/c.c.

Negative ions can stimulate the circulation of the blood and can help combat the fatigue of human body.

Negative ions can also enhance mental performance and concentration.

Prevents migraine headaches and helps us to sleep better.

The free radical in our body can be neutralized by the negative ions and hence improve our immunity system.

## Technology

The purifying capacity of Zpro Shower Head is about 14,000 Liters (Family of 3 to 4 people can use for 4 months).

The Zpro aroma type shower head and filter is suitable for all kinds of water heaters and fits to standard water hose without any additional plumbing or pipe work.

Zpro Shower Head transforms the water you shower on – try the Zpro Vitamin C Shower head today and enjoy a better shower experience!
